2 118.40 (2r) (c) 2.; and *to create* 118.40 (2r) (g) of the statutes; **relating to:**
3 eligibility to attend an independent charter school and payments made to
4 independent charter schools.

Analysis by the Legislative Reference Bureau

Under current law, the city of Milwaukee, the University of Wisconsin-Milwaukee, the Milwaukee Area Technical College, and the University of Wisconsin-Parkside may establish and operate a charter school or contract with a person to operate a charter school (independent charter schools). Currently, only pupils who reside in the school district in which an independent charter school is located may attend the charter school.

Under this bill, if a private school participating in the Milwaukee Parental Choice Program (MPCP), under which certain low-income pupils who reside in the city of Milwaukee may attend participating private schools in Milwaukee at state expense, converts to an independent charter school, a pupil who attended the private school and the pupil's siblings may attend the charter school even though the pupil or sibling resides outside the school district in which the charter school is located. In all other cases, the bill allows a pupil who resides outside the school district in which an independent charter school is located to attend the charter school only if there is space available.

Currently, the state makes payments to independent charter schools. The cost is fully offset by a proportionate reduction in the general school aid of all school

SENATE BILL 382

districts. Under this bill, the payment to an independent charter school for a pupil who resides outside the school district in which the charter school is located is offset by a reduction in the general school aid only of the school district in which the pupil resides.

Under current law, a pupil may attend an independent charter school located in the city of Milwaukee only if, in the previous school year, the pupil was enrolled in the Milwaukee Public Schools, was attending a private school under the MPCP, was enrolled in grades kindergarten to three in a private school located in the city of Milwaukee other than under the MPCP, was enrolled in an independent charter school, or was not enrolled in school. This bill eliminates this eligibility requirement.
